# Introduction

## Introduction

Free your dreams with a Niewiadów caravan - no matter if you are an avid traveller or looking for a way to spend unforgettable time with your family, our caravans will provide you with a home wherever you are.

In our factory, we believe that everyone deserves the freedom to explore and experience extraordinary adventures. For over 50 years our caravans have witnessed countless stories that took place both on endless highways and in quiet corners of nature.

Our caravans are more than just a product - they are your ticket to a life full of adventure and unlimited possibilities. Each model, from the classic N126 series to the modern N - Cross models, are solutions tailored to today's traveler needs, designed with comfort, safety and style in mind.

## About us

We are a leading manufacturer of car trailers in the category up to 3,500 kg, both on the domestic and European markets. The history of the company dates back to the 1960s, when we started mass production of caravans, which became a symbol of Polish caravanning. Currently, the brand's wide range of products includes over 300 standard models, ranging from small luggage trailers, boat trailers, car trailers, vans, livestock trailers, through globally recognized caravans, the production of which we are particularly proud of.

Over the years, we have been continuously expanding the range of products we offer and improving their quality. In order to meet the increasing requirements of our customers, we constantly invest in modern machinery and improve qualifications of our employees. In accordance with the company's policy, every day we try to maintain a perfect balance between attractive prices and the quality of the offered products created in accordance with the highest standards. The dynamic development of the company means that authorized dealers of trailers with the Niewiadów logo can now be found in nearly forty countries.
